

Cohort Group Student Guide

How to sign in, join live sessions, participate in group discussions,
and watch session replays

Important: Cohort courses are accessed on the Learning Platform at learn.allaboutultrasound.com.
Use this site for live sessions, discussions, and replays.

1. Getting started — accessing the site

Sign in

1. Open your web browser (Chrome, Safari, Firefox, or Edge recommended).
2. Go to the sign-in page:
<https://learn.allaboutultrasound.com/login>
3. Sign in with your email and password (Sign in with password), or choose Send Magic Link and click the link in your email (valid 15 minutes).
4. New users: click Create an account. Forgot password? Use Forgot password? on the login page. After enrollment you may receive a welcome email with a one-click access link that signs you in and opens your course automatically.

2. Finding your cohort course

1. Open My Dashboard:
<https://learn.allaboutultrasound.com/my-dashboard>
2. Select the My Content tab.
3. Under Courses, find your cohort course and click Continue Learning or Overview.

3. Opening your cohort hub

Your cohort hub organizes live sessions, discussions, replays, assignments, and resources for your group.

Three ways to get there

- Course player sidebar !' click My Cohort (calendar icon)
- Course overview page !' click the My Cohort top tab
- Direct link: [https://learn.allaboutultrasound.com/cohort/\[course-id\]](https://learn.allaboutultrasound.com/cohort/[course-id])

Main tabs in your cohort hub

- Live Sessions — schedule and join live classes
- Calendar — month/week/day view; Download ICS
- Assignments — cohort assignments from your instructor
- Replays — recorded session videos

- Resources — downloads and reference materials
- Discussions — private group discussion thread

4. Live sessions

View your schedule

1. Open your cohort hub.
2. Click the Live Sessions tab.
3. Review Upcoming sessions and Past Sessions.

Add to your calendar

On a session card, click Add to Google Calendar. Or open the Calendar tab and use Download ICS for Outlook, Apple Calendar, or other apps.

Join a live session

1. Return to Live Sessions shortly before class.
2. When the join window opens, the card shows Live Now (green).
3. Click Join Live Session or Join Now.
4. Your browser opens the meeting (Zoom, Teams, etc.) in a new tab.

Join window: Join Live Session becomes available 15 minutes before the scheduled start and stays open until the session ends.

5. Group discussions

Cohort Discussions are private to your assigned cohort group (not the public Community area).

How to participate

1. Open your cohort hub and click the Discussions tab.
2. Read posts from classmates and instructors.
3. Type in the composer (Share something with your cohort...).
4. Optionally click + Add Image/Video, then click Post.

Notifications

Use Notifications On / Notifications Off at the top of the Discussions tab to control email alerts.

If discussions are unavailable

- "You are not assigned to a cohort group yet." — contact your program administrator.
- "No discussions yet. Be the first to post!" — your group is ready; start the conversation.

6. Replay videos

Browse replays

1. Open your cohort hub and click the Replays tab.
2. Browse recordings in grid or list view.
3. Each card shows title, linked session, date, and duration.

Watch a replay

1. Click any recording card to open the replay player.
2. Your watch progress is saved automatically.
3. Click Back to Replays to return to the full list.

If Replays is empty, your instructor has not published recordings yet — check back after live sessions.

7. Quick reference

Troubleshooting

- Cannot see cohort !' sign in at learn.allaboutultrasound.com; open My Cohort from course player.
- Join button disabled !' wait until 15 minutes before start; add session to calendar.
- No discussions !' confirm you are assigned to the correct cohort group.
- No replays !' instructor uploads after sessions; check Replays tab later.
- Magic link expired !' request a new link or sign in with password.
